I am a concerned citizen and registered voter residing in Sarasota County, Florida. I am writing to you with regards to Docket #98N-1038. I do NOT want to see wording of the current radiation disclosure statement revised . I want irradiated foods to be clearly marked. Please DO NOT revise the wording of the current radiation disclosure statement to allow removal of such labels. Also, such labeling requirements should not be allowed to expire at any date in the future. Alternative terms like "electronic or cold pasteuration" are misleading and should not be allowed. The absence of a label itself will misleading also as irradiation destroys vitamins and causes other changes in food itself that are not readily apparent to consumers.

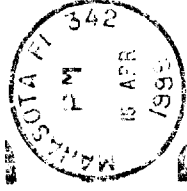

PLEASE DO NOT ALLOW REVISION OF THE CUURENT RADIATION DISCLOSURE STATEMENT-NOW OR EVER!!!

Thank-you!

Sincerely,
Donald Cortright C752
